

BME-Competence Center

Service Law, Compliance & Conflict Management

Do you have any questions about purchasing & logistics?

The Association for
Supply Chain Management,
Procurement and Logistics

As the leading trade association for buyers, supply chain managers and logistics providers in Germany and continental Europe, we offer our member companies exclusive professional legal and compliance services covering all aspects of central purchasing and transport & logistics issues.

We are thus orienting ourselves towards the needs of our globally active member companies. In particular, the BME offers medium-sized companies a special added value with discounted standard fees.

BME-Legal Services

- Advice and drafting of contracts in purchasing, supply chain, transport and logistics law
- Legal issues of digitization of purchasing and data protection
- Advice and drafting of contracts according to Chinese law
- Guidelines on "Global Purchasing Law"

BME-Compliance Services

- Development, implementation and optimization of compliance management systems (CMS)
- Preparation of compliance guidelines
- Antitrust law issues
- External staff compliance
- BME Compliance guidelines

Conflict management

- Within purchasing organizations and companies
- Between purchasing and external suppliers

Translation Service

BME-Compliance Initiative

The Association Supply Chain Management, Procurement and Logistics (BME) has created a cross-industry Code of Conduct to protect against compliance risks in the supply chain, which can also be easily, quickly and cost-effectively recognized by suppliers and potential partners.

Join the BME-Compliance Initiative now!
